

Universal Product Guide

Universal Sway Bar Bushings

PROTHANE™ offers precision made Universal Sway Bar Bushing sets that deliver maximum performance. The same formulated performance urethane compound found in our other sway bar bushings is used here, giving you superior handling over the stock rubber units. The widest size range is available to cover all popular applications. Each pair is sold with matching heavy duty brackets to insure a perfect fit.

"C" Bracket not suitable for heavy duty applications

All Sway Bar Bushing Kits are sold in pairs.

Universal Greaseable Sway Bar Bushings

PROTHANE™ Universal Greaseable Sway Bar Bushings offers another choice for your sway bar bushing needs. Complete with precision grease fittings and unique contoured grooves to hold in the grease. These greaseable urethane sway bar bushings offer the ease of lubrication without disassembly. Each pair includes heavy duty brackets to insure a perfect fit. See diagram for the bracket sizes.

Urethane Sway Bar Bushings require lubrication with PROTHANE Teflon Super.

All Sway Bar Bushing Kits are sold in pairs.

Universal 90° Greaseable Sway Bar Bushings

PROTHANE™ Urethane 90° Universal Greaseable Sway Bar Bushings allow the ease of lubrication in tight areas without disassembly. Each pair includes heavy duty brackets. See diagram measurements shown in diagram Style "B" for the bracket size that best suits your specific requirements.
