All Bump Stops are sold in pairs, as shown.

PROTHANE™ offers a comprehensive selection of cone and button style bump stops, designed to accommodate your specific vehicle's needs.

"Pull Thru" Style Bump Stops

Direct replacement for those worn or worthless OEM units. High quality tough urethane will outlast rubber & is impervious to oils & road grime.

19-1324 General Motors style Pull Through bump stops. Designed to fit a variety of GM models between 1978-01.

19-1325 General Motors style Pull Through upper control arm bump stops.

19-1326 & 16-1327 General Motors style Pull Through bump stops. Designed to fit a variety of GM models between 1978-88.

Bump Stops (Progressive)

PROTHANE™ specially formulated, multi-mount progressive rate suspension stops prevent the damage caused when a suspension bottoms out. Add the energy absorption capabilities of urethane to the unique progressive chambers molded into the stops and you've got progressive compression rate bump stops. The multi-mount feature ensures quick, easy retrofitting, as one of the mounting systems will be ideal for your particular application. Using a unique poly-lock system, the urethane portion and mounting bracket are integrated into one rugged, versatile component.
